MONTHLY PHILINTER

January Highlights

MASTERING COMMUNICATION

Philinter's Leaders Start Mornings Right

At Philinter Academy, learning never stops—and that holds true for everyone, including our managers and student advisors. Each morning, these key members of the Philinter family participate in specialized speaking classes led by our dedicated teachers.

ELEVATING COMMUNICATION SKILLS FOR BETTER SERVICE

The morning classes are designed to strengthen the English proficiency of managers and student advisors, equipping them with the skills necessary to engage effectively with students, parents, and partners. Whether it's providing personalized advice, resolving concerns, or collaborating on educational strategies, polished communication plays a vital role in their daily tasks.

A COLLABORATIVE LEARNING ENVIRONMENT

What sets these sessions apart is the collaborative spirit within the classroom. Managers and advisors bring their unique experiences to discussions, making the learning process dynamic and practical. Teachers tailor the lessons to real-life scenarios, helping participants gain confidence and fluency in English.

LIVING PHILINTER'S COMMITMENT TO EXCELLENCE

This initiative is more than just a training program—it is a testament to Philinter Academy's unwavering commitment to excellence in English education. By investing in the continuous development of its team, the academy ensures that its mission of providing high-quality education remains at the forefront.

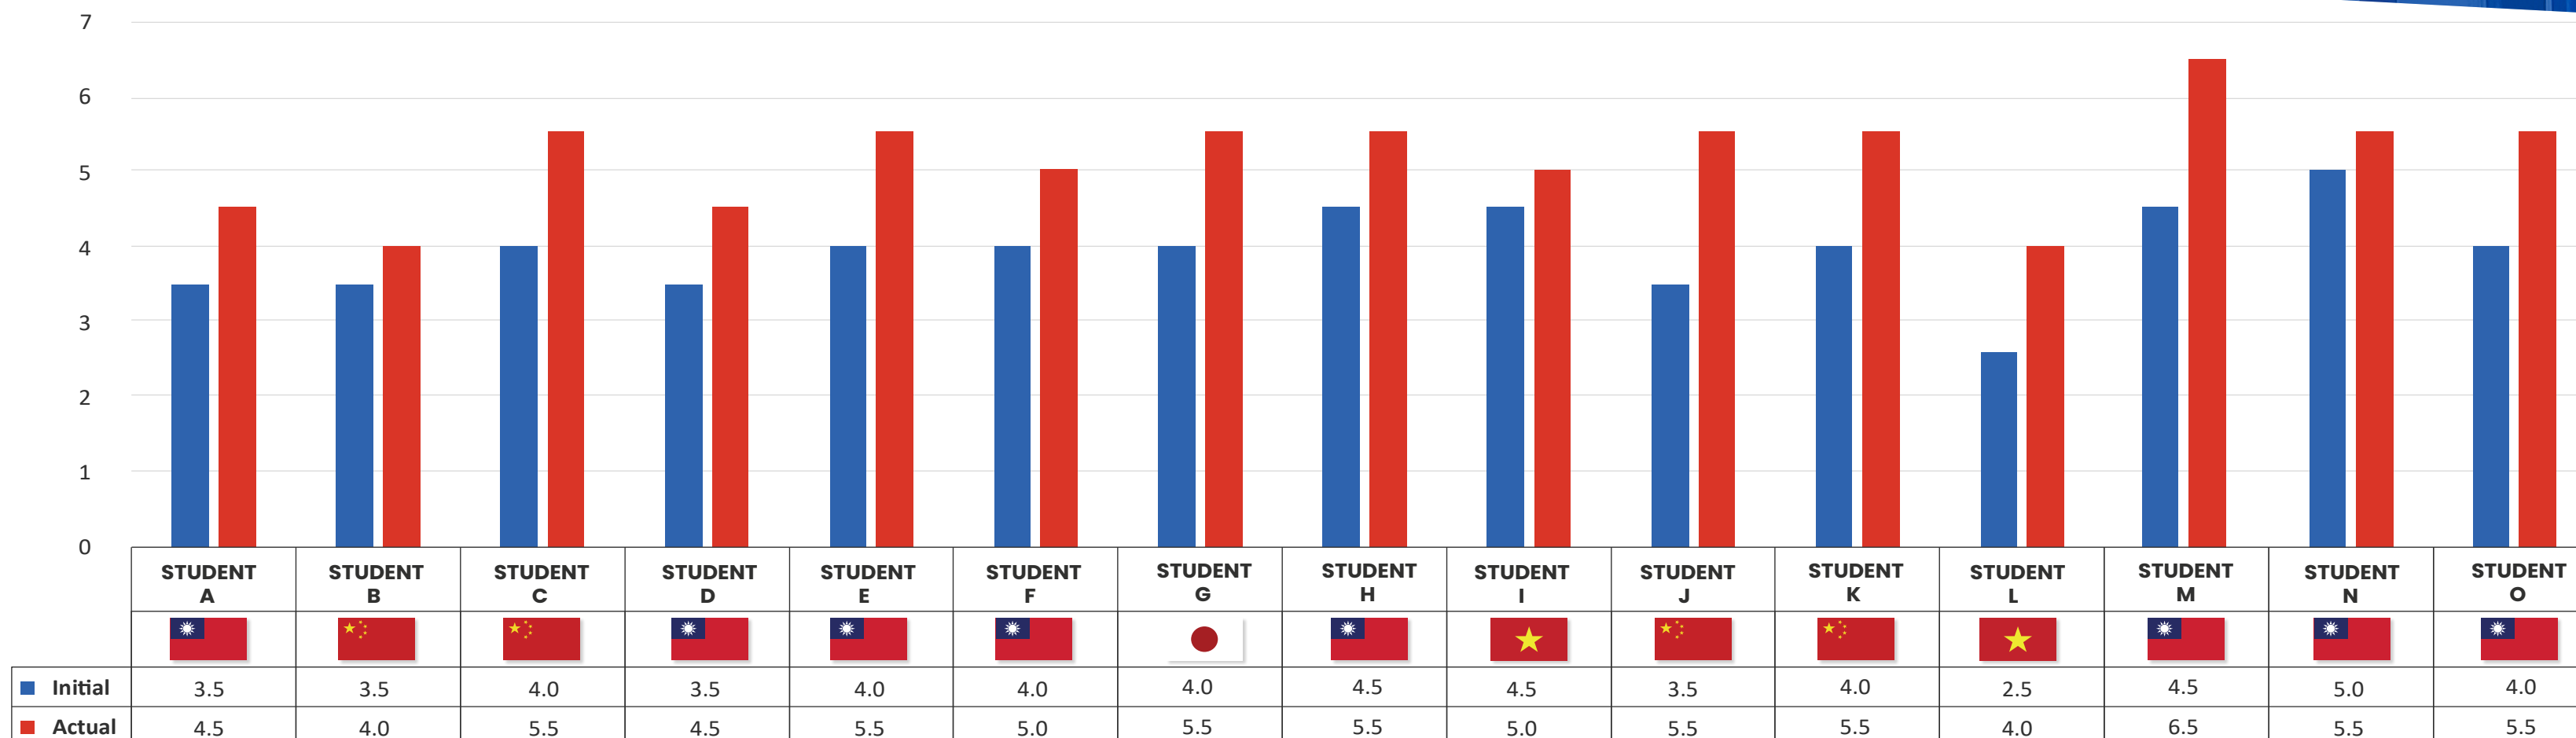

PHILINTER ACADEMY

IELTS SUCCESS

Philinter Academy is proud to announce the remarkable achievements of 15 of our students who took the IELTS Actual Test on January 4, 2025. Each of them achieved higher band scores, a testament to their dedication and hard work.

Congratulations!

But this success did not happen overnight. It was the result of consistent effort, perseverance, and the right support system because behind these individual successes is a community of dedicated IELTS teachers who provided expert coaching and encouragement.

PHILINTER ACADEMY'S PREMIUM JUNIOR SPEAKING:

Empowering Young Minds

On January 20, 2025, Philinter Academy proudly launched its Premium Junior Speaking program, marking a significant step in enhancing the English communication skills of young learners.

Right from the start, students immediately benefited from dynamic, small-group classes that encouraged active participation in a supportive environment. This hands-on approach was further enriched by the carefully structured curriculum, paired with interactive activities, thoughtful discussions, and meticulously prepared materials, all of which helped strengthen their communication skills and promote meaningful growth.
