MONTHLY PHILINTER

July Highlights

SPORTS FEST 2025

Theme: Bridging Cultures Through Play

The beauty of a sports fest lies in its energy—the cheering, the laughter, the thrill of every game. It's where teams are formed, friendships are strengthened, and even the quietest students suddenly shine.

This is exactly the kind of day that unfolded during **Philinter's English Day Sports Fest 2025**, held on **July 25 at Barangay Pusok Gym**.

The day began with **Zumba**, shaking off the morning nerves and setting the rhythm for a fun-filled celebration. Teachers and students danced side by side, using more than words to connect—through smiles, movement, and shared laughter.

Then came the games that made the gym roar with excitement

The mix of athletic challenges and playful games ensured that everyone—athlete or not—could join in the fun.

THE SHOWSTOPPER: MR. & MS. FITNESS 2025

The day's biggest cheers were reserved for the **Mr. and Ms. Fitness** competition. Representatives from each team walked proudly onto the court, showing off their chosen sport with flair and confidence.

MORE THAN JUST A SPORTS FEST

Beyond the trophies and laughter, what made the day unforgettable was the sense of community. Students from different countries, including some who were shy at first, soon found themselves cheering, laughing, and playing together. Language barriers faded, and the spirit of friendship and cultural exchange took center stage.

By the end of the event, one thing was clear. Philinter's English Day Sports Fest wasn't just about games. It was about connection. Students discovered that learning English can happen not only in classrooms but also in the energy of a game, the rhythm of a dance, and the joy of a shared victory.

Cultural Fun Fact

This year's Sports Fest brought together students from ten different nationalities. Cheering for each other in English created instant connections, proving that sports and language are universal bridges.

Outreach Program

After the excitement of the Sports Fest, our students from China, Japan, Taiwan, and Vietnam went to Gracepoint Community Church on July 26, 2025, to bring joy and share small gifts with thirty children from **Mahayahay, Bankal, Lapu-Lapu City.**

As part of Philinter's tradition, the program began with presentations from both the children and our students. The hall came alive with dance and laughter, and our Taiwanese students offered a heartfelt song that filled the room with warmth. Afterwards, gift-giving brought smiles of gratitude, and the day flowed into games, balloon sharing, paper crane folding, and ribbon bracelets tied around tiny wrists. Every small act sparked laughter and left priceless memories.

And just when we thought we were the only ones giving that day, the pastor of Gracepoint Church surprised us with water bottles and a Filipino delicacy—a touching gesture that reminded us that kindness always flows both ways.

When our short visit ended, the children carried balloons and joy, while our students carried something even greater: the quiet happiness that comes from sharing time, laughter, and kindness across cultures.

Official Test Centre

IELTS Official Test

Philinter successfully hosted the **IELTS Official Test on July 26, 2025**, in partnership with the British Council. This session featured the Academic Module Paper-Based Test, where students faced the four core components: Listening, Reading, Writing, and Speaking.

The next **IELTS Official Test** will be conducted on campus on **September 13, 2025**, continuing Philinter's commitment to supporting students in achieving their academic and professional goals.

Our students approached every part of the test with calm focus and steady determination. From the first question to the final speaking interview, they demonstrated the confidence and preparation shaped by their training at Philinter, turning effort into achievement.
