PHILINTER

OCTOBER EDITION

Creative Spaces

The event began with the Section Decoration contest, where classrooms turned into hauntingly beautiful displays – from eerie halls to cleverly themed setups. Every corner reflected teamwork, creativity, and the fun of bringing imagination to life.

English Day

This October, Philinter Academy transformed into a world of mystery and imagination as students and teachers came together for English Day with the theme **“Supernatural and Slashers.”** Laughter and excitement filled every corner of the campus as each section proudly showcased their creativity through performances, costumes, and storytelling that captured the spirit of Halloween.

Costume Spotlight

Costumes took center stage in the Cosplay: Dress to Kill competition. Students and teachers alike owned the spotlight with performances that balanced humor, confidence, and a touch of fright — making the audience cheer in delight.

Fun and Games

Adding to the thrill, students competed in exciting activities like the **Monster Step Challenge** and **Guess the Gross Thing**. Each game sparked laughter and friendly rivalry, proving that a little competition can bring a lot of joy.

Tales of Terror

In the Storytelling (**Best Horror Writer**) segment, students shared original tales that entertained and sent shivers down the spine. From creative writing to confident narration, it was a moment where imagination truly came alive.

Final Showdown

The event closed with **Group Presentations** that brought all sections together in one spectacular showcase. Each performance reflected teamwork, preparation, and the joy of creating something unforgettable.

Beyond the Thrills

As everyone returned to their classrooms, a quiet sense of pride lingered — pride in the effort, in the teamwork, and in being part of something bigger. This month's English Day reminded us that learning and connection go hand in hand — and that the best moments often happen when we step out of the ordinary and share them together. Beyond lessons and classrooms, the true measure of learning is the heart we share with others.

BUSINESS TRIPS

CHINA

Representatives participated in the CALA & BESA Seminar 2025 and conducted several agent visits to enhance partnerships and introduce Philinter's programs to new audiences.

PHILINTER'S JOURNEY ACROSS ASIA

Throughout October, **Philinter Academy** continued to strengthen international partnerships and promote quality English education across Asia through a series of overseas business trips and educational events.

MONGOLIA

Engaging discussions with agency partners opened doors to new initiatives, reflecting a shared enthusiasm for helping more Mongolian students take their next step toward international learning.

TAIWAN

During the four-day GEPA Fair, our team engaged with agents and students, resulting in new enrollments and meaningful collaborations that highlight Taiwan's continued trust in Philinter.

JAPAN

VIETNAM

Visits in Hanoi and Ho Chi Minh fostered meaningful exchanges that laid the groundwork for future partnerships and a stronger presence in Vietnam's thriving education network.

Together, these international activities reflect Philinter Academy's dedication to fostering meaningful relationships and expanding access to quality English education worldwide.

Philinter took part in the ISS Osaka Fair 2025 and met with partner schools and agents, strengthening connections within one of our most dynamic markets.

Education connects us, purpose carries us forward.

FIRE DRILL

Teachers, students, and staff calmly moved to the open field, where team leaders conducted a headcount to ensure everyone's safety. The drill concluded with a hands-on fire extinguisher demonstration, allowing participants to practice real-life fire response.

READINESS BEGINS HERE

Philinter Academy marked an important milestone during the Fire Drill held on October 30, 2025. The event began with a safety seminar led by the Bureau of Fire Protection personnel from Pusok, Lapu-Lapu City, followed by a full evacuation drill as alarms signaled the start of the exercise.

Beyond the procedures, the activity reflected Philinter's commitment to safety, awareness, and preparedness — building a culture of readiness that protects every member of its community.

SPEAKING TRAINING

EMPOWERING VOICES, ENHANCING SKILLS

From **September 29 to November 28, 2025**, Philinter Academy conducted its comprehensive Speaking Training program, led by Academic Director Miss Hannah. The series aimed to strengthen teaching effectiveness and elevate classroom communication strategies across all speaking courses.

All teachers took part in sessions designed to refine feedback delivery, boost student engagement, and ensure consistent instructional quality. Through shared insights and collaboration, the training reinforced Philinter's continuous pursuit of excellence in language education – reminding everyone that even educators never stop learning.

OUTREACH PROGRAM

SMALL ACTS, BIG IMPACT

On **October 25, 2025**, Philinter students brought joy and kindness beyond the campus walls through an outreach program at Poblacion SNP Daycare Center in Cordova.

Eight student volunteers — united by the spirit of giving — spent the afternoon with thirty children, sharing laughter, stories, and moments that transcended language. The day brimmed with smiles as the children joined in songs, dances, and games, made even sweeter with snacks and gifts thoughtfully prepared for them.

But more than the activities, it was the connection that mattered — students learning that communication isn't just spoken through words, but through gestures of care and compassion.
