What is CEFR?

CEFR (Common European Framework of Reference for Languages) is an international system that measures a learner's English level. It has six stages — A1, A2, B1, B2, C1, C2 — from beginner to advanced.

It helps students clearly understand their current level, set goals, and track their progress throughout their study at Philinter.

A1 Beginner

At this level, you can understand basic words and simple expressions used in everyday situations.

A2 Elementary

At this level, you can understand common sentences about daily life, such as shopping, family, and simple directions.

B1 Intermediate

At this level, you can understand main ideas of familiar topics at school, work, and travel.

B2 Upper Intermediate

At this level, you can understand more complex texts and communicate fluently in most situations.

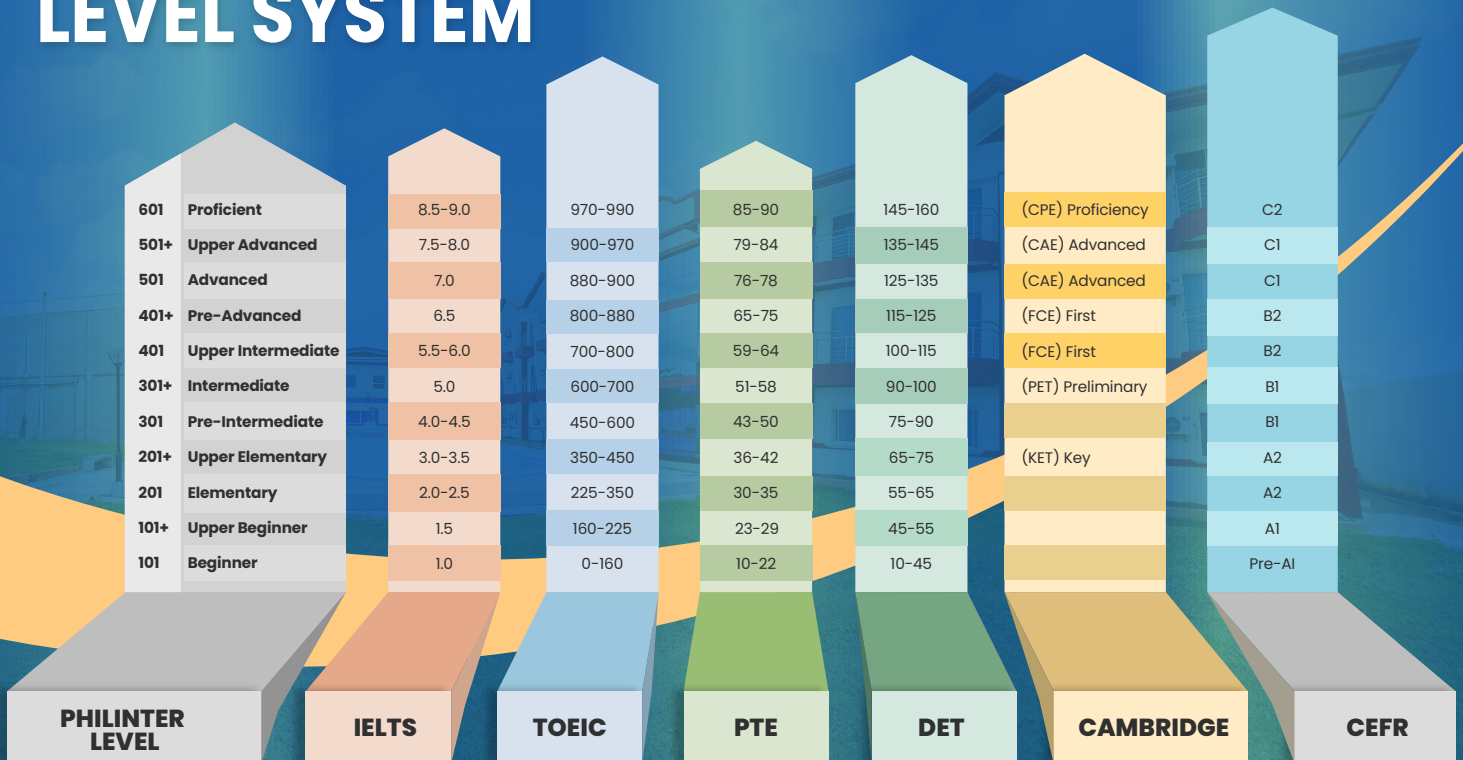

C1 Advanced

At this level, you can understand long, detailed texts and express ideas clearly, well-structured, and naturally.

C2 Proficient

At this level, you can understand almost everything, including subtle meanings, and communicate with near-native fluency.

LEVEL SYSTEM

IELTS: IELTS Academic Band

PTE: Pearson Test of English

DET: Duolingo English Test

The table shows the alignment between PHILINTER levels and scores achieved in internationally recognized English proficiency exams such as IELTS, TOEIC, PTE, DET, and Cambridge. This provides students with a clear understanding of their performance on a global scale.

For example, an IELTS score of 6.5 corresponds to a TOEIC score range of 800 to 880 and a PHILINTER level of 401+.

At PHILINTER ACADEMY, our primary focus is the improvement of students' levels and scores. Throughout their study period, our dedicated teachers utilize this level system to consistently monitor students' progress and inspire them to advance from their current level or score within a specific timeframe.

To align Philinter's levels with the Common European Framework of Reference for Languages (CEFR), we use a standardized placement test that assesses the student's proficiency in five language skills: Reading and Vocabulary, Grammar, Writing, Listening, and Speaking.

“Studying here is very good. I have had a lot of experiences here. I studied in the Premium Junior Speaking course. I think it is very tiring, but it’s also very fun. In class, every teacher is very friendly, but some teachers are very strict. When I have a problem or cannot do my homework, the teacher always helps me. I am very thankful. The teachers here make me feel more confident. They are so cheerful when they teach. Studying here is a good experience to share with other people.”

Teacher’s Insight

Teacher *Harrah*

“As both their buddy and subject teacher, the most rewarding aspect of teaching this batch was witnessing their remarkable growth in confidence and ability to communicate in English. In the beginning, some of them were hesitant to speak, often unsure of how to express themselves. However, as the time went on and with the support of our dedicated and effective teaching team, they gradually found their voices. They began to share their thoughts, ideas and opinions more freely and confidently.”

Student Review

Gift

"I had a good experience in Intensive ESL because I studied a class everyday and I received homework that help me target my 5 micro skills which is listening, speaking, grammar, writing, and reading. It helps me improve my English skill at the same time my progress test is increasing. I really like my teacher since they taught me how to speak English confidently. Aside from that, they explained the words very slowly and clearly."

"I have been an IELTS teacher for almost 10 years and I have met countless students from diverse backgrounds. One thing that I believe can help learners really grow is to keep an open mind. There are many ways to improve IELTS scores but if a learner is not willing to take chance and find other ways then progress will be hindered."
